

Meeting #547

CAPISTRANO BAY DISTRICT
AGENDA REPORT
March 31, 2009

Manager's Reports

ITEM I.2

Progress on Poche Runoff Water Disinfection Project

The District has been informed by the County of Orange that it has been negotiating with the South Coast Water District to reach an agreement to have SCWD take over the operations and maintenance (O&M) of the new facility. Actual start-up is expected to be in early April as the system is put through three months of testing.

Attached is a brief email comment from Mike Dunbar, the GM for South Coast Water District. There may be an update between now and Tuesday's Board meeting in which case any new information will be shared at that time.
