

Manager's Priority list

ITEM J.1

10/25/2011

Meeting #575

#	ITEM DESCRIPTION	PROGRESS/COMMENTS
1	PA/loudspeakers for both patrol vehicles	hand held megaphone was purchased for Securitas vehicle - not yet for police vehicle
2	distribute Tips on Car Washing (handout)	circulated to community by email and reminder issued to all security personnel on 9-22
3	continue with ongoing block wall repairs	work will resume across from 35341 on about 10/25/11
4	get bids for community-wide CCTV system for security	this was discussed with a CCTV contractor - due to the complexity it may take two months to work out a bid
5	Continue monitoring progress by county on Poche water quality control program	
6	"NOT AN EXIT" sign to go on the back of the YIELD sign	not ordered yet
7	research expense to equip patrol vehicle with audio-video camera	rolling this in with item #8
8	research a video camera for recording vehicles leaving the community	a proposal for this may be ready by 10/25
9	design a "community notice" sign stand for posting agendas, etc	not designed yet
10	begin writing up a complete and comprehensive Manager's Job Description	this is timelined for some progress each week
11	conduct accent lighting voltage survey	Bemus has commenced this study which is currently in process
12	develop electricity consumption analysis of LED vs halogen	after voltage survey is complete (see item #11)
13	insert the <i>Community Alert Siren System</i> information into the Post Orders	
14	also include more response info for earthquakes	
15	proposals for permit process for storm drain #2	currently working with engineer for a proposal
16	proposals for pavement sealcoating and repairs	RFP's were sent out on about 10/6/11 - not all bids are in yet
