ITEM F.4

Dana Point Times Delivery

Board President Masto had requested a discussion of the delivery of this newspaper on driveways in our community.

The original agreement with Picket Fence Media (publisher for DP Times) was that they would only drop off papers on driveways where the homeowner had specifically requested the service. The publisher was contacted and it was verified that DP Times delivers papers specifically to 29 homes every Friday between 11:00 AM and about 2:00 PM.

ITEM F.5

Community Exit Gates Open During Busy Hours

Board President Masto also requested this item for discussion. In checking with security on the frequency of vehicles leaving the community, there is a spike from 7:00 AM to about 9:30 AM and again in the afternoon from 3:15 PM to about 7:30 PM. There are no actual statistics that show EXITING vehicle counts. We only track/record incoming vehicles.

Advantages

- reduces wear and tear on the gate opening mechanism
- reduces traffic delays during peak hours

Disadvantages

- drivers proceeding too fast through the area
- too many people walking, jogging or cycling who could be hit by a fast-moving car
- anxious/impatient drivers entering the wrong way through the open exit gates
- with the gates open, pedestrians and cyclists will use the driveway, not the sidewalk
