I, Max Trette intend on being a candidate for the board of director's position. I am 21 years of age and hold a psychology degree from the University of Oregon. I grew up on beach road and would like to have a position on the board as a way to give back to the community. I believe I am perfect for this position because I will bring a youthful energy and outlook to what needs to be done in order to make Beach Road a better community. I do have an agenda of what I would like to see accomplished over the next four years and fully intend on completing that agenda.
