

Meeting #607

CAPISTRANO BAY DISTRICT
AGENDA REPORT
December 16, 2014

Manager's Reports/Old Business

ITEM J.4

Progress Report – Fiber Optic Service for Beach Road

Cox Communications was not able to bring their team together in time to meet with the Board for this meeting but they've been scheduled and confirmed for the next meeting on January 27th.

In the meantime Cox has researched the maps of the local area and determined that there is an existing nearby fiber optic connection point, called a NODE, that can be used for future fiber optics into our community.
