## ITEM 7

### PROPOSED 'CRIME AWARENESS DAY' EVENT

While a date is not yet scheduled, Securitas and District Management are proposing a Saturday event called '*Crime Awareness Day*'. The plan is to invite other safety and security related agencies and vendors to come together in the parking area near the community entrance to set up their information booths under umbrellas or shade canopies where they can talk to homeowners, share pertinent information and hand out flyers or brochures.

The initial plan is to have the following agencies join us to talk about safety, security and crime awareness:

- Securitas Security Services
- Dana Point Police – to present their 'HIDE IT – LOCK IT – OR LOSE IT' program
- District Police
- One or two home security systems vendors
- OCFA – to discuss fire and life safety do's and don'ts around the home

\*Two weeks ahead of the event a letter to all homeowners could be mailed out giving everyone plenty of advanced notice.
