Security Report

ITEM 6b

Proposals for Security Services

Staff is pleased to report that proposals from two Private Patrol Operators (PPO's) for security services have been submitted to the District so far. So as not to bias other bidders, we can only report that we have proposals from the following security companies:

- Professional Protection Association (from Laguna Hills)
- Patrol Masters (from Santa Ana)

Kelly Becker from Securitas Security Services will be present at the meeting to discuss the matter of staff turnover and possible solutions. Securitas has been invited to provide a revised proposal to be considered along with all other proposals.

It is expected that during the month of March, all proposals will be in and the Board can then get to the task of interviewing each company.
