

Meeting #651

CAPISTRANO BAY DISTRICT
AGENDA REPORT
March Meeting held on April 2, 2019

Conflict of Interest & Ethics

ITEM 7

Annual Conflict of Interest/Form 700 Filing/Directors' Ethics Training

As of the end of March, all Directors have completed the Annual Filing of the Conflict of Interest Statement. This filing is required by the Fair Political Practices Commission to allow public officials to disclose property and financial interests that could have a bearing on otherwise unbiased decision making.

ETHICS TRAINING

In addition to this annual Conflict of Interest filing, there is a required ethics training that new elected officials must take. The program is online but unlike the Form 700 filing, this training takes the better part of two hours but can be done in small increments of time over several days.

At this time the District has one Director who may not be completed with the Ethics training.
