

Meeting #660

CAPISTRANO BAY DISTRICT
AGENDA REPORT
February 25, 2020

Security

ITEM 6b

Security Camera with Integrated Sound-capture

Due to the President's Day holiday and the short month of February, bids for the upgrade to our security camera system at the guard shack will not be available for presentation at this Board meeting.

Our budget allowance for this year is \$4000 and this would include one camera with audio capability at the service driveway where the gate attendant stops guests to issue passes, as was requested by the Board.
