ITEM 8b

Budget Revision to Account for New Shoreline Protection Project

To follow up on the budget revision approved last month, this change doesn't increase the budget total but rather, <u>shifts a portion</u> of the \$273,844.00 of surplus revenue from General Reserves (budget line item #8805) into two new expense line items for Shoreline Protection.

New expense items: (in the non-operational section of the budget)

- #8810 Shoreline Protect. Consulting (staff proposes \$50,000)
- #8815 Shoreline Protect. Engineering (staff proposes \$75,000)

Expense Code Description

- Engineering: primarily the items described in the TerraCosta proposal and Guida Surveying
- Consulting: outside consultants and legal fees apart from the engineering proposal

The following page provides the Budget/Chart of Accounts that shows the adjustments made last month (see under the right column at the very bottom).
