ITEM 5

REGULAR MEETING #683 CAPISTRANO BAY DISTRICT BOARD OF DIRECTORS MINUTES

Tuesday, April 26, 2022 REGULAR MEETING 6:30 PM OPEN TO THE PUBLIC

1. CALL TO ORDER

District Manager Russell called the Meeting to order at 6:30 PM

2. PLEDGE OF ALLEGIANCE

District Manager Russell led attendees in the Pledge of Allegiance

3. ROLL CALL/SWEARING IN OF NEW DIRECTORS

Directors Present: McNulty, Jenkins, Lurner and Misher Staff: Manager Russell, Admin Assist. Morris

Absent: Director Wiersig

Agents: None

Contractors Present: AUS Security Supervisor Robert Stabenow

Guest Speakers: None

4. PUBLIC COMMENTS

There were no public comments

5. APPROVAL OF MINUTES

Meeting #682 of March 29, 2022

Motion by Board President McNulty, seconded by Director Jenkins and voted 4-0-1 (Wiersig absent) to approve the Minutes #682 as presented.

6. **SECURITY**

a. Monthly Security Report – April 2022

Security Supervisor Stabenow provided the report. After hearing of the garage door that was left open all night at 35451 and that security did not report or respond, Director Lurner recommended the night security guards be better trained on what to watch for during the dark evening hours. Homeowner Gretchen Augustyn reported that she was almost hit by young kids speeding on e-bikes and wants to know what the District can do about controlling the problem. Homeowner Bill Nassour suggested a series of surveillance cameras be installed to monitor kids on e-bikes and also for speeding vehicles. Security Supervisor Stabenow responded that he would work on additional guard officer training with emphasis on night patrol procedures. Manager Russell stated he would look into a surveillance camera system and also revisit the possibility of resuming the police officer program.

7. This Item is Left Purposely Blank

8. FINANCE

a. Monthly Expense Report

The expense report through March 2022 was received and filed.

ITEM 5

9. OLD BUSINESS

a. Shoreline Protection/Advisory Committee Report

Manager Russell reported on meetings and progress with the Advisory Committee:

March 31st Meeting

- City jurisdiction over issuing CDP's
- the significance and impact of MHTL on jurisdiction
- continued support for the County's Beach Park project
- continued support and involvement with the County's region-wide coastal protection plan
- selection of coastal engineers (who to retain and when)
- the importance of keeping the Board and the community informed

April 13th Meeting

The Committee met with the following City officials to discuss the importance of the City retaining jurisdiction over the issuance of Coastal Development Permits:

City Attorney

City Manager

Assistant City Manager

Dir. Of Community Development

Senior Planner

Next step will be to meet with the individual City Council members and share the same business of the importance of the City not ceding jurisdiction to the Coastal Commission.

Sandbag Mess on the Beach

Homeowner Dan Nichol sent an email pointing out the shredded sandbag mess out on the beach and asked for the District to take action on these people to clean up the white plastic mess. Manager Russell explained that while the District has no enforcement jurisdiction out on the beach for this, it would most likely be effective to send letters to the offending homeowners and ask them to clean up their beach.

b. Counsel Review of RR Master License and District Sub-Lease to Homeowners

District Counsel Sean Schwerdtfeger reviewed both documents and suggested no changes to the Master License Agreement but did make edits and updates to the Sub-Lease Agreement. Replaced was some outdated language with current legalese and also incorporated were elements of the new Trash Enclosure Design Standards so that the two documents tie-in with each other with their meaning. With these revisions, the only document left to revise will be District Ordinance No. 05-205, which will be on the agenda for the May Board meeting.

10. NEW BUSINESS

a. State Mandatory Organic Waste/Food Scraps Recycling Law

Manager Russell explained that Senate Bill 1383 passed into law this past January and residential homeowners must now separate all food waste from the regular trash and place it into new greenwaste recycle barrels. This will be administered by CR&R Trash Co. who explained that while they are aware of the lack of space here on Beach Road, they do expect our community to make every effort to comply. Compliance efforts so far include the requirement that all new trash enclosure projects must make space for a small half-size (35 gal.) greenwaste barrel and to provide greenwaste barrels to those existing trash enclosures where there is enough space to accommodate the proper additional barrel. Manager Russell also pointed out that there will be no expense to homeowners for participation in this new program.

ITEM 5

11. QUALITY OF LIFE - CBRA DISCUSSION ITEMS

Administrative Assistant Karen Morris reported that the City Planning Commission held a public hearing on April 11th to publicize changes being proposed by the City. Some changes have been requested by city residents and some have been recommended by the Coastal Commission itself. Given the public-serving nature of vacation and short-term rentals, the CCC has a stake in the outcome of the City's STR code. For details on the proposed changes, contact the District Office and talk to Karen.

12. WRITTEN COMMUNICATIONS

a. Sandbag Mess on the Beach

Email letter from homeowner Dan Nichol. This item was discussed under Agenda Item 9a.
