

Meeting #694

CAPISTRANO BAY DISTRICT
AGENDA REPORT
April 25, 2023

Old Business

ITEM 9b

Shoreline Protection Advisory Committee Report

The Committee is happy to report that it has progressed to the point where the time has come to begin presenting all the research work that has been accomplished and what has been learned during the past twelve months.

Remote Zoom meetings are being scheduled that include a Power Point slide show and oral presentation by the Committee, with a Q&A session at the close of each meeting.

A first zoom meeting was held on April 5th as a test run and was met with great support from the property owners in attendance. A second larger group zoom meeting is set for Saturday, April 22nd at 11:00 AM, with additional meetings to follow.

It's not possible nor is it practical to try to get ALL property owners to attend a single zoom meeting presentation so for that reason the Committee is reaching out to owners in smaller groups to make this effort more manageable.

All property owners will eventually receive a zoom invite as the Committee works its way through the long list of property owners, over the next several weeks.
