ITEM 5a

b. Susan McCabe Evaluation of Miller CDP Application

Bill Fox, speaking for the Shoreline Committee, reported that they had engaged with Susan McCabe to review and evaluate the strategy being promoted by their counsel, Stan Lamport, and report on her findings. The Committee reviewed McCabe's report which supported Counsel's strategy and approved the report at the Committee meeting on September 23rd.

c. South Orange County Beach Coalition/Memorandum of Understanding

The MOU has been reviewed and approved by Stan Lamport who opined that the MOU is non-binding, has no fees, no dues nor other financial component, it gives the District voting status and allows the District a seat at the table to promote and advance our position that the main cause of beach sand loss is due to a lack of sand and sediment washing out of the San Juan Creek watershed, as a direct result of implementation of the requirements of the Federal Clean Water Act. After discussion, the Board acted as follows:

MOTION was made by Director Lurner, seconded by Director Misher and voted 4-0-1 to authorize the Board President, the District Manager and Counsel Stan Lamport to execute the South Orange County Beach Coalition MOU.

With the weather cooperating, sealcoating was allowed to proceed with no postponement.

b. Disaster Preparedness Plan

At this stage, the District is urging homeowners to go online and sign up for the *AlertOC Mass Notification System* at www.alertOC.org. This is by far the single most useful tool for preparedness.

c. Storm Drain No. 1 Ownership

Manager Russell explained that the current file with deeds and documents is missing certain documents that demonstrate chain of title to whomever is the current title holder and requires further research.
