ITEM 11a

Claim Against the District

Legal counsel for a claimant from outside our jurisdictional boundaries has mistakenly included us in a public agency notification of a pending claim.

The District notified the attorney, StronginLaw, LLP, of the error and has provided documentation in the form of a certified boundary map and a certified copy of the 1959 District forming resolution that corroborates the boundary map to demonstrate that the claimant, who intends to sue another agency for poor work done on his property, is outside our jurisdiction.

Our counsel has been notified but there should be no further action needed except for confirmation from the claimant's attorney that we've been removed from the notification list. Staff will follow this until it is closed.
