Disaster Preparedness/Rincon Consultants

The California Special District Association (CSDA) was asked for referrals to consult with the District for Disaster/Emergency Preparedness Planning. We were referred to the following private consulting firms:

- Rincon Consultants
- Jacob Green & Associates

Rincon met with District staff on Thursday, Feb. 19th to discuss our needs and expectations and to share all the disaster preparedness files that have been collected by the District over the past few years.

Agents from Rincon were attentive and appeared very familiar with the preparedness needs of small private residential community islands such as Beach Road.

First impressions were positive and as it turns out, Rincon Consultants worked with one of our homeowners in dealing with conditions required by the CCC for a Coastal Development Permit which gives Rincon a bit more familiarity with our community.

Next steps:

- Proposal from Rincon coming in early March
- Contact Jacob Green & Assoc for a proposal
